1. Receipt is acknowledged of the election response filed July 06, 2006.

2. Claims 25-36 are pending in this application.
Claims 1-24 were previously cancelled.

3. Applicant has elected the species eugenol.
Claims 25-29 read on the elected species.
Claims 3-36 have been withdrawn.

4. 35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

a. Claims 25-29 are rejected under 35 U.S.C. 101 as claiming the same invention as that of claims 1-3 of prior U.S. Patent No. 6,812,258. This is a double patenting rejection.

b. If there are any alleged differences then the claims are rejected on the ground of nonstatutory obviousness-type double patenting as being unpatentable over claims of U.S. Patent No. 6,812,258. Although the conflicting claims are not identical, they are not patentably distinct from each other because there is no material difference.

5. **No claim is allowed.**
